1.1 ABOUT QL

QL Resources is a sustainable and scalable multinational agro-food producer with operations in Malaysia, Indonesia and Vietnam. The company engages in four principal activities namely Integrated Livestock Farming (ILF), Marine Products Manufacturing (MPM), Palm Oil and Clean Energy (POCE) and Convenience Store Chain (CVS).

The MPM business pillar focuses on producing high-quality, convenient and nourishing marine-based products. Its operations span the full upstream-to-downstream value chain, from source to consumer food. QL has gained recognition as the largest surimi producer in Southeast Asia and the leading manufacturer of surimi-based products and halal fish-based products in Malaysia.

The ILF business pillar produces attainable and nutritious sources of protein. QL maintains strict biosecurity measures and optimal farming conditions to ensure product quality. The ILF pillar comprises upstream feed and raw material trading, feed milling, Day Old Chicks (DOC), and broiler and layer integration.

POCE provides sustainable solutions including bioenergy, renewable solar energy and water treatment to meet market demands. This is in addition to the involvement in the palm oil value chain activities and management of 16,000 hectares of palm estate holdings in Malaysia and Indonesia.

The FamilyMart convenience store chain is an extension of QL's existing food production and distribution portfolio, that is direct to consumer. Introduced in 2016, FamilyMart Malaysia is built on the *konbini* (convenience) concept and responds to the needs of modern, busy lifestyles by providing excellent and nourishing ready-to-eat as well as easily prepared food.

2. PURPOSE OF BOARD CHARTER

The Board of QL recognises the importance of adopting high standards of corporate governance throughout the Group as a fundamental part of discharging its responsibilities to protect and enhance shareholder value and the financial performance of the Group.

As such, the Board has outlined the Company's corporate governance policy in the form of a Board Charter that defines the respective roles, responsibilities and authorities of the Board, both individually and collectively, and of Management in setting direction, management and control of the Group.

The purpose of this Board Charter is to document the policies upon which the Board has decided to meet its legal and other responsibilities.

This Charter is designed to provide guidance and clarity for Directors and Management as defined within the whole QL Group of companies regarding the roles and responsibilities of the Board and its Committees, the requirements of Directors in carrying out their stewardship role and in discharging their duties towards the Company as well as the Board's operating practices. Accordingly, this Charter takes into consideration the Principles and Practices of the Malaysian Code on Corporate Governance; the Companies Act 2016; the MMLR of Bursa on corporate governance; the SC Guidelines on the conduct of Directors of listed corporations and their subsidiaries, in particular the Group Governance practices; and relevant sections of the Company's Constitution.

*(MCCG
Practice 2.1)*

3. DEFINING GOVERNANCE ROLES

3.1 THE ROLE OF THE BOARD

The Board is ultimately responsible for establishing all strategies and policies relating to the running of the Company.

The Board's role is to govern the Company rather than to manage it. In governing the Company, the Directors must act in the best interests of the Company as a whole. It is the role of Senior Management to manage the Company in accordance with the direction and delegations of the Board and the responsibility of the Board to oversee the activities of Management in carrying out these delegated duties.

The Board reserves a formal schedule of matters for its decision to ensure that the direction and control of the Company is firmly in its hands. Details of these are set out in **Appendix A**.

*(MCCG
Practice 2.1)*

The Board shall establish an internal audit function, which is independent of the activities it audits, and identify a head of internal audit who reports directly to the Audit Committee.

*(MMLR
Paragraph 15.27)*

The Board also seeks to ensure that the Company complies with all of its contractual, statutory and any other legal obligations, including the requirements of any regulatory body.

The principal responsibilities of the Board which encompass corporate and group governance, are set out as follows:

*(MCCG
Practice 1.1)*

- to oversee, review and adopt strategic plans encompassing strategies on economic, environmental, social and governance (“EESG”) considerations underpinning sustainability of the Group’s business, including developing Board-approved EESG targets;
- to set sustainability direction and framework for the Group and ensure the Group’s sustainability strategies, priorities, targets and performance are communicated to both internal and external stakeholders;
- to review the Group’s Sustainability performance in addressing material sustainability risks and opportunities;
- to oversee the conduct of the Group’s businesses and evaluate whether or not the businesses are being properly managed;
- to identify principal business risks faced by the Group and ensure the implementation of appropriate systems to manage these risks;
- to consider and implement succession planning, including appointing, training, fixing the compensation of and, where appropriate, replacing members of the Board and Senior Management;
- to develop and implement an investor relations programme or shareholder communications policy for the Company;
- to review the adequacy and the integrity of the Group’s risk management and internal control systems as well as management information systems, including systems for compliance with applicable laws, regulations, rules, directives and guidelines;
- to promote good corporate governance culture together with Senior Management within the Group for reinforcing ethical, prudent and professional behaviour;
- to review, challenge and decide on critical Management’s proposals for the Company, and oversee its implementation by Management;
- to promote a culture of integrity and ethical business throughout the Group, which includes conscious efforts to manage bribery and corruption risks;
- to ensure the Group’s vision and long-term business strategy include considerations of ethical business practices;
- to determine the Group’s stance on anti-bribery;
- to ensure the establishment of an internal control system, including a Group Anti-Bribery Framework, which provides reasonable assurance that the Group’s bribery risks are managed;
- to review the Whistleblowing Policy periodically and at least once in three (3) years;
- to ensure that all its Directors are able to understand financial statements and form a view on the information presented;

- to review the business plans and budgets of the Group, including monitoring the entire Group's performance; and
- to review code of conduct, risk management, anti-corruption, whistleblowing and sustainability within the Group, including monitoring their compliance or performance, as appropriate, based on information furnished by the Group.

3.2 THE ROLE OF INDIVIDUAL DIRECTOR

Director is required to be aware of the legal parameters that define the Director's duties, broadly these include:

- Duty to act in good faith and honestly in line with the Company's interests;
- Duty to exercise power for a proper purpose;
- Duty to exercise discretion properly and cannot fetter these powers by abdicating an independent exercise of such discretion and merely doing what is wanted by another person; and
- Duty to avoid conflict of interest and self-dealing through improper use of Company's property, information, position, corporate opportunity or competing with the Company by a Director or an officer of a company unless consent or ratification is obtained in a general meeting.

Director should exercise reasonable care, skill and diligence according to the knowledge, skill and experience which may reasonably be expected of the Director having the same responsibilities; and based on the facts, any additional knowledge, skill and experience which the Director has and may be guided as follows:

*(Bursa
CG Guide 1.1)*

- Ensure that the Group has established an effective governance system and process, including compliance with regulatory requirements;
- Refrain from rushing into decision-making. Provide adequate time for deliberations and evaluations of transactional and financial matters;
- Require sufficient notice and distribution of board papers and explanatory appendices in advance of meetings;
- Convene supplemental meetings in response to requests for further information before the final decision;
- Make informed decisions based on the information provided and analysis and recommendations of the Company's independent professional advisers;
- Ensure there is no undue pressure from dominant personalities or nominees of significant shareholders;
- Base reliance on others where there is sound basis for doing so; and
- Periodically test the system of risk management and internal control for its effectiveness, integrity and soundness.

3.3 THE ROLE OF EXECUTIVE AND NON-EXECUTIVE DIRECTOR

Executive Directors are, as employees, involved in the day-to-day management of the Group. Non-Executive Directors are classified as:

- those who have no direct or indirect pecuniary interest in the Company other than their Directors' fee, related emoluments and their "permitted" holding of shares in the Company, i.e. Independent Directors; and
- those who are not employees of the Company or affiliated with it in any other way and are not involved in the day-to-day running of business but have pecuniary interest in the Company, either as shareholders or otherwise and whether direct or indirect, i.e. Non-Independent Non-Executive Directors.

*(MMLR
Paragraph 1.01)*

Non-Executive Directors act as a bridge between Management, shareholders and other stakeholders. They provide the relevant checks and balances, focusing on shareholders' and other stakeholders' interests and ensuring that high standards of corporate governance are applied. Letters of appointment for Non-Executive Directors do not set out a fixed time commitment for board duties as the Board believes that the time required by the Non-Executive Directors may fluctuate depending on the demands of the business and other events. However, it is expected that Non-Executive Directors shall allocate sufficient time to the Company to perform their duties effectively.

(Bursa CG Guide)

3.4 THE ROLE OF INDEPENDENT DIRECTOR

Independent Directors are essential for protecting the interests of shareholders and can make significant contributions to the Company's decision making by bringing in the quality of detached impartiality.

*(MCCG
Practice 5.2)*

The MMLR emphasize that even if a person does not fall within any of the disqualifying indicators enumerated in Paragraph 1.01 and Practice Note 13, both the Director and the Board must give effect to the spirit, intention and purpose of the definition of an Independent Director. There must be a conscious application of the test of whether the said Director is able to exercise independent judgment and act in the best interests of the Company.

*(MMLR
Paragraph 1.01 &
its Practice Note
13)*

The attributes of collegial yet independent decision-making that must be vested in the Independent Director shall be determined in part by the character of the individual and that of the whole ethos of the Board.

3.5 THE ROLE OF SENIOR INDEPENDENT DIRECTOR

3.7 THE ROLE OF GCEO

*(MCCG
Practice 1.3)*

The GCEO is responsible for implementing the programme to achieve the Company's goals and vision for the future, in accordance with the strategies, policies, programmes and performance requirements approved by the Board. The position reports directly to the Board.

The GCEO's primary objective is to seek to achieve the ongoing success of the Company through being responsible for all aspects of the management and development of the Company. The GCEO is of critical importance to the Company in guiding the Company to develop new and imaginative ways of winning and conducting business and must possess industry knowledge and credibility to fulfill the requirements of the role.

3.8 BOARD COMMITTEES

As managing and controlling businesses have become more onerous, complex and demanding, Boards are resorting to establishing Committees to assist them in the discharge of their duties and responsibilities.

*(MCCG
Practice 2.1 and
Clause 152)*

However, the existence of Board Committees does not diminish the Board's fiduciary responsibility on the affairs of the Company. The Board may delegate powers to Committees, but such delegation shall be subject to the following:

- Delegated authority in accordance with the Company's Constitution;
- Clearly established terms of reference, defining the Committees' responsibilities and authority, which are approved by the Board;
- The Board must supervise its delegation; and
- The Board must not merely adopt or rely on the Committees' recommendations without proper assessment and testing or challenging the same.

Each Committee's role shall be spelt out in written terms of reference approved by the Board. Each year, the Board, through Nominating Committee, reviews the Board Committees' effectiveness. The Chairman of each Board Committee shall assess the performance of individual Committee members on annual basis. These assessments can be used to facilitate the Nominating Committee's evaluation of Board Committees' performance.

The Board has established the following Board Committees, the roles of which are summarised below:

3.8.1 EXCO

The EXCO is entrusted with the duty of overseeing the effective implementation of the Board's strategies and directions and successful achievement of the Group's corporate objectives. The terms of reference of EXCO are attached under **Appendix B**.

*(MCCG
Practice 7.2)*

3.9 COMPANY SECRETARY

The appointment and removal of the Company Secretary is a matter for the Board as a whole. The Board recognizes the fact that the Company Secretary shall be suitably qualified and capable of carrying out the duties required of the post.

*(MCCG
Practice 1.5)*

The key role of the Company Secretary is to provide unhindered advice and services to the Directors, as and when the need arises, to enhance the effective functioning of the Board and to ensure regulatory compliance.

- serving as a focal point for stakeholders' communication and engagement on corporate governance issues; and
- carrying out other functions as deemed appropriate by the Board from time to time.

4. COMPOSITION AND BOARD BALANCE

4.1 SIZE AND COMPOSITION

The Board currently consists of eleven (11) members comprising a majority of Independent Non-Executive Directors, not taking into consideration the Alternate Directors, as follows:-

- one (1) Executive Chairman,
- one (1) GCEO,
- three (3) Executive Directors,
- six (6) Independent Non-Executive Directors; and
- three (3) Alternate Directors.

The Board ensures that its size and composition are optimum and well balanced, which is commensurate with the size of the Group and its operations. At least 1/3 of the Board, or two (2) members, whichever is higher, shall consist of Independent Directors. If the number of Directors is not 3 or a multiple of 3, then the number nearest 1/3 must be used. The Company's Constitution allows a minimum of two (2) and maximum of fifteen (15) Directors (disregarding Alternate Directors).

*(MMLR
Paragraph
15.02)*

(Clause 105)

The Board opines that its members shall have wide ranging experience, skill, knowledge that add value to the Group. The qualifications for Board membership are the ability to make informed business decisions and recommendations; possesses entrepreneurial talent for contributing to the creation of shareholder value; relevant experience, the ability to appreciate the wider picture of the Group's business; ability to ask probing operational related questions; high ethical standards; sound practical sense; and total commitment to furthering the interests of shareholders and achievement of the Group's goals. In addressing this, the Board shall consider recommendations by the Nominating Committee pertaining to nominees for directorship in the Company. Candidates for directorship shall be sourced from recommendations of existing Directors, major shareholders of the Company and reputable professional bodies.

*(MCCG
Practices 5.5 to
5.10)*

The Executive Directors in particular are responsible for implementing the policies and decisions of the Board, overseeing the operations as well as co-coordinating the development and implementation of business and corporate strategies.

The Independent Director shall be a person of calibre, credibility and have the necessary skills and experience to bring independent judgment to the decision making of the Board and provide a capable check and balance for the Executive Directors as well as contribute significantly in areas such as policy and strategy, performance monitoring, allocation of resources as well as improving governance and controls.

The positions of the Board Chairman and GCEO are held by different individuals to enable a clear division of responsibilities of these individuals in ensuring a balance of authority and power.

(MCCG Practice 1.3)

4.2 APPOINTMENT AND RE-ELECTION

The Board shall consider and decide on the appointment of a new Director upon appropriate recommendation from the Nominating Committee.

For the assessment and selection of Directors, including retiring Directors who have consented to be re-elected, the Nominating Committee shall consider objective criteria, merit with due regard of candidates' character, experience, competence, integrity and time availability, as well as the following factors:

(MCCG Practices 5.5 to 5.10 and MMLR Paragraph 15.08A)

- industry skills, knowledge expertise, age, cultural background;
- professionalism;
- diversity;
- contribution and performance; and
- in the case of candidates for the position of Independent Directors, the Board shall also evaluate the candidates' ability to discharge such responsibilities/functions as are expected from Independent Directors.

Newly appointed Director unless they have already attended the same, must attend the Mandatory Accreditation Programme as prescribed by Bursa.

Pursuant to the Company's Constitution, one third (1/3) of the Directors are required to retire at every AGM and be subjected to re-election by shareholders.

(MMLR, MCCG 2007 & Clause 124)

Newly appointed Directors shall hold office until the next AGM and shall be subjected to re-election by the shareholders.

All Directors shall retire once every three (3) years but shall be eligible for re-election.

(Clause 125)

4.3 INDEPENDENT DIRECTOR

An Independent Director is an individual who is independent of Management and free from any business or other relationship which could interfere with the exercise of independent judgment or the ability of the individual to act in the best interests of the Company.

The existence of Independent Directors on the Board by itself does not ensure the exercise of independent and objective judgment as independent judgment can be compromised by, amongst others, familiarity or close relationship with other Board members.

*(MCCG
Practice 6.1)*

Therefore, the Board with assistance from Nominating Committee conducts an annual assessment of the independence of its Independent Directors and focus beyond the Independent Director's background, economic and family relationships and consider whether the Independent Director can continue to bring independent and objective judgment to the Board's deliberations.

The MMLR emphasize that even if a person does not fall within any of the disqualifying indicators enumerated in Paragraph 1.01 and Practice Note 13 of the MMLR, both the Director and the Board must give effect to the spirit, intention and purpose of the definition of an Independent Director. There must be a conscious application of the test of whether the said Director is able to exercise Independent judgment and act in the best interests of the Company, for example, a test of independence of mind and independence in appearance.

*(Bursa CG Guide-
3rd edition)*

The Nominating Committee shall conduct the test of independence of mind on the Director to determine if the state of mind of the Director permits the Director to exercise independent judgment without being affected by influences that compromise objectivity; whereas the test of independence in appearance relates to the test that the Director is free from any personal, family or economic interests which could lead a third party to cast doubts on the Independent Director's objectivity.

The attributes of collegial yet independent decision-making that must be vested in the Independent Director shall be determined in part by the character of the individual and that of the whole ethos of the Board.

Independent Directors are encouraged to meet among themselves at least annually to discuss among others strategic, governance and operational issues.

*(MCCG
Guidance 1.2)*

The tenure of an Independent Director shall not exceed a cumulative term limit of nine (9) years.

*(MCCG
Practice 5.3)*

Upon completion of nine (9) years, an Independent Director may continue to serve the Board subject to the Director's re-designation as a Non-Independent Director and assessment of the Nominating Committee.

Subject to and in accordance with the Constitution, the Board must provide justification and seek annual shareholders' approval through a two-tier voting process in the event it intends to retain an Independent Director who has served in that capacity for more than nine (9) years.

*(MCCG
Practice 5.3 and
Clause 132)*

4.4 THE BOARD'S RELATIONSHIP WITH SHAREHOLDERS AND STAKEHOLDERS

(MCCG Practice12.1)

The Board shall maintain an effective communications policy that enables both the Board and Management to communicate effectively with shareholders, other stakeholders and the general public.

It is the role of the Board to ensure that the AGM and Extraordinary General Meeting (“EGM”) of the Company are conducted in an efficient manner and serve as crucial mechanisms in shareholder communications. Key elements supporting this include the supply of comprehensive and timely information to shareholders and the encouragement of active participation at the AGM and EGM. The Board shall focus its efforts on the following practices to enhance the effectiveness of General Meetings:

- ensure that shareholders are given sufficient notice and time to consider the resolution(s) that will be discussed and decided at the General Meeting. The Board shall also ensure that each item of special business included in the notice is accompanied by a full explanation of the effects of the proposed resolution;
- for re-election and re-appointment of Directors, ensure that the notice of meeting states which Directors are standing for re-appointment or re-election, with a brief description including matters such as age, relevant experience, list of directorships, date of appointments to the Board, details of participation in Board Committees and whether a particular Director is independent;
- for re-appointment or re-election of Directors, ensure that a statement be included in the notes accompanying the notice of General Meeting on whether or not the Board supports the re-appointment or re-election of the candidate for directorship, including the reasons thereof;

The Company Secretary shall work together with the Board Chairman and GCEO in developing the annual meeting timetable.

A Director may at any time request, and the Company Secretary shall on that requisition arrange for a meeting of the Directors by giving them not less than seven (7) days' notice thereof unless such requirement is waived by them.

(Clauses 143 & 144 and MCCG Practice1.6)

The quorum necessary for the transaction of the business of the Directors shall be two (2).

(Clause 145)

The Chairman of the Board or if he is absent or unwilling to act or there is no Chairman, the GCEO shall preside at all meetings. If neither the Chairman nor the GCEO is present within fifteen (15) minutes after the time set for holding the meeting or if the Chairman or the GCEO is unwilling to act, the Directors present shall elect one (1) of their number to be Chairman of the meeting.

(Clause 146)

Board members are required to attend the Board meetings. However, other Senior Management may be invited to attend meetings for particular items within their responsibility. The Board may also invite external parties such as the auditors, solicitors and consultants as and when the need arises.

Resolutions of any meeting of the Directors shall be decided by a majority of votes and a determination by a majority of Directors shall for all purposes be deemed a determination of the Directors. In case of an equality of votes, the Chairman of the meeting shall have a second or casting vote.

(Clause 147)

Resolutions of the Directors at a meeting or adjourned meeting of the Directors shall be adopted by all Directors present. In the event issues requiring the Board's decision arise between meetings, such issues shall be resolved through circular resolution subsequent to discussions being held amongst the Board members, either via teleconference, videoconference, email, etc., in order for the Board as a whole to be apprised on such matters and obtain their viewpoints before arriving at a decision.

Such circular resolution in writing shall be valid and effective if it is signed or approved by letter, telex, telegram, cable, facsimile or other electrical or digital written message by the majority of the Directors, and such discussions, including any concerns raised and the rationale for the decisions so made in the resolution shall be tabled at the immediate Board meeting for ratification and formal record keeping.

(Clause 150)

Directors shall be deemed to be present in person at a meeting if they participate by conference telephone, video, electronic or such other communication facilities which permit all persons participating in the meeting to communicate with each other simultaneously and instantaneously. The Directors participating in any such meeting shall be counted in the quorum for such meeting. All resolutions agreed upon by the Directors in such a meeting shall be deemed to be as effective as a resolution passed at a meeting in person of the Directors duly convened and held. All information and documents must be made equally available to all participants prior to, or during the meeting.

(Clause 149)

A Director shall not participate in any discussion and shall abstain from voting on contracts or proposed contracts or arrangements in which the Director has direct or indirect interests. A Director shall also not vote on contracts or proposed contracts or arrangements with any other company in which the Director is interested either in the capacity as an officer of the Company or as a shareholder of the Company.

(Clause 151)

A Director notwithstanding his/her interest may, provided that none of the other Directors present disagree, be counted in the quorum present at any meeting whereat he/she or any other Director is appointed to hold office or place of profit under the Company or whereat the Directors resolve to exercise any of the rights of the Company (whether by the exercise of voting rights or otherwise) to appoint or concur in the appointment of a Director to hold any office or place of profit under any other company whereat the terms of such appointment as hereinafter mentioned are considered or where any decision is taken upon any contract or arrangement which he/she is in any way interested provided always that he/she has complied with Section 221 and all other relevant provisions of the CA and its Constitution.

(Clause 151)

All acts done at any meeting of the Directors or of a committee of Directors or by any person acting as a Director shall, notwithstanding that it is afterwards discovered that there was some defect in the appointment of any such Director or person acting as aforesaid, or that they or any of them were disqualified from holding office, or had vacated office, or were not entitled to vote, be as valid as if every such person had been duly appointed and was qualified and had continued to be a Director and had been entitled to vote.

(Clause 148)

5.2 AGENDA

Notice of a Directors' meeting shall be given in writing at least seven (7) days, or at shorter notice where it is unavoidable, prior to the meeting. Notice shall include the date, time and place of the meeting and the matters to be discussed. The notice of a Board meeting shall be deemed to be duly given to a Director if it is given to the Director personally or sent in writing via facsimile, e-mail, Electronic Form or any other form of Electronic Communications, courier or post to the Director at the Director's last known address or any other address given by the Director to the Company for this purpose. (MCCG Practice 1.6)

Minutes are prepared following a Board meeting and are circulated in draft form to the Board members for comments within thirty (30) days after the meeting to ensure that the minutes accurately reflect the deliberations and decisions of the Board, including whether any Director abstained from voting or deliberating on a particular matter. The Directors shall revert with comments, if any, to the draft minutes within fourteen (14) working days after the minutes are circulated. The draft minutes shall be re-circulated with the Board papers in readiness for signing at the following meeting. The practice is for minutes to record processes and decisions rather than a historical narrative of the discussion or concluding remarks of final decisions made. If one or more Directors request their opinion to be noted, the Company Secretary shall comply with the request.

(MCCG Practice 1.6)

5.4 ACCESS TO INFORMATION

A record of submissions, papers and materials presented to the Board is maintained and kept by the Company Secretary, together with minutes of meetings, and is accessible to Directors during office hours.
